

Appendix 1:

Degree Programs for International Students

Bachelor's degree: 4 years education

Only Veterinary Medicine 5 years education

International Cultural and Educational College

1. Teaching Chinese to Speakers of Other Languages

Water Conservancy and Civil Engineering College

2. Agricultural Water Conservancy Engineering
3. Hydraulic and Hydro-Power Engineering
4. Hydrology and Water Resources Engineering
5. Civil Engineering
6. Engineering Management

Resources and Environment College

7. Applied Biological Science
8. Agricultural Resources and Environment
9. Environmental Engineering
10. Environmental Science
11. Applied Meteorology
12. Ecology

Agriculture College

13. Agronomy
14. Plant Protection
15. Seed Science and Engineering
16. Intelligent Agriculture

Horticulture College

17. Horticulture
18. Facility Agricultural Science and Engineering
19. Landscape
20. Landscape Architecture

Animal Science and Technology College

21. Animal Science
22. Pratacultural Science
23. Aquaculture

Veterinary Medicine College

24. Veterinary Medicine (5 years education)

25. Veterinary Pharmacy

Engineering College

26. Mechanical Design, Manufacturing and Automation

27. New Energy Science and Engineering

28. Agricultural Mechanization and Automation

29. Agricultural Architectural Environment and Energy Engineering

30. Industrial Engineering

31. Logistics Engineering

Economics and Management College

32. Agriculture and Forest Economics and Management

33. Monetary Finance

34. Insurance Studies

35. International Economy and Trade

36. Business Administration

37. Accounting

38. Marketing

39. Human Resource Management

Life Science College

40. Pharmacy Engineering

41. Biological Engineering

42. Biological Technology

43. Biological Science

Food Science College

44. Food Science and Engineering

45. Food Quality and Safety

46. Dairy Engineering

47. Grain Engineering

Electrification and Information College

48. Electrical Engineering and Automation

49. Agricultural Electrification

50. Computer Science and Technology

51. Software Engineering

52. Internet of Things Engineering

53. Artificial intelligence

Arts and Science College

54. Data science and big data technology

55. Statistics

56. Chemical Biology

57. Applied Chemistry

Public Administration and Law College

58. Land Consolidation Engineering

59. Land Resource Management

60. Public Administration

61. Human Geography & Urban and Rural Planning

Master's degree: 3 years education

International Cultural and Educational College

1. Teaching Chinese to Speakers of Other Languages

Water Conservancy and Civil Engineering College

2. Hydrology and Water Resources

3. Agriculture Water- Soil Engineering

4. Hydraulic and Hydro-Power Engineering

Resources and Environment College

5. Pedology

6. Plant Nutrition Science

7. Environment Protection and Restoration

8. Agroecology and Climate Change

9. Resources and Environment Microbiology

Agriculture College

10. Crop Cultivation and Farming System

11. Plant Genetics and Breeding

12. Plant Pathology

13. Agri-entomology and Insects Control

14. Pesticide Science

Horticulture College

15. Vegetable Science

16. Landscape Plants and Applications

17. Landscape Ecology and Restoration

18. Landscape Architecture Planning and Design

Animal Science and Technology College

19. Animal Genetics, Breeding and Reproduction

20. Animal Nutrition and Feed Science

21. Animal Production
22. Aquatic Animal Protection and Production
23. Grass Science

Veterinary Medicine College

24. Basic Veterinary Medicine
25. Preventive Veterinary Medicine
26. Clinic Veterinary Medicine

Engineering College

27. Mechanical Engineering
28. Agriculture Mechanization Engineering
29. Agri-biological Environment and Energy Engineering
30. Agricultural System Engineering and Management Engineering
31. Management Science and Engineering

Economics and Management College

32. Monetary Finance
33. Industrial Economics
34. Agricultural Economics and Management
35. Human Resource Management

Life Science College

36. Botany
37. Microbiology
38. Developmental Biology
39. Biochemistry and Molecule Biology

Food Science College

40. Food Science
41. Grain, Grease and Botanic Protein Engineering
42. Agriculture Product Processing and Preserving Engineering
43. Food Fermentation Engineering
44. Animal Produce Processing Engineering

Electrification and Information College

45. Computer Science and Technology
46. Agriculture Electrification and Automation

Public Administration and Law College

47. Public Administration
48. Educational Economics and Management
49. Land Resource Management

Doctor's degree: 3 years education

Water Conservancy and Civil Engineering College

1. Agriculture Water- Soil Engineering

Resources and Environment College

2. Pedology
3. Plant Nutrition Science
4. Environment Protection and Restoration
5. Agroecology and Climate Change
6. Resources and Environment Microbiology

Agriculture College

7. Crop Cultivation and Farming System
8. Plant Genetics and Breeding

Horticulture College

9. Horticulture (teaching language: Chinese/English)

Animal Science and Technology College

10. Animal Genetics, Breeding and Reproduction
11. Animal Nutrition and Feed Science
12. Aquatic Animal Protection and Production
13. Animal Production
14. Grass Science

Veterinary Medicine College

15. Basic Veterinary Medicine
16. Preventive Veterinary Medicine
17. Clinic Veterinary Medicine

Engineering College

18. Agriculture Mechanization Engineering
19. Agri-biological Environment and Energy Engineering
20. Agricultural System Engineering and Management Engineering

Economics and Management College

21. Agricultural Economics and Management
22. Rural Finance

Life Science College

23. Botany
24. Microbiology
25. Developmental Biology
26. Biochemistry and Molecule Biology

Food Science College

27. Food Science
28. Grain, Grease and Botanic Protein Engineering
29. Agriculture Product Processing and Preserving Engineering
30. Food Fermentation Engineering
31. Animal Produce Processing Engineering

Electrification and Information College

32. Agriculture Electrification and Automation
